

TINKLE BELLS BY BELLA

PRICE: \$10.00

Tinkle Bells are bells that hang on braided paracord from your doorknob with the bells at the level a puppy paw can reach them. You use the pup's paw to hit the bell each time they go outside to potty. This teaches them to ring the bell when they need to go out! Our daughter Bella enjoys crafts and learned how to make the bells. Bella uses her own money to buy the paracord, sleigh bells and other supplies for the creation of the Tinkle Bells.

Colorful Paracord

Bella often has several colors to choose from but if you have a preferred color scheme you'd like your Tinkle Bells to match just let her know and she can customize the colors for you.

1" Silver Sleigh Bells

Bella uses 1" Silver Sleigh Bells. These aren't like the cheap jingle bells from a craft store. They're very durable and well made..

Tight Braiding

Bella takes pride in her work and is happy to customize the colors of paracord used to create the Tinkle Bells.

Tinkle Bells!

Lots of colors to choose from! And no fraying as the ends are burned with a butane lighter to melt the cords together.
